

PUBLIC HEARING TIMBERLINE
CLYDE TOWNSHIP HALL
3350 VINCENT ROAD
MARCH 21, 2023

Meeting called to order by Supervisor Manoleas at 6:00 p.m.

Pledge

ROLL CALL: Voight, DeShon, Manoleas, Compton a little late., Dortman, Turner, and Neruda

Supervisor Manoleas explained the history on the storm sewer at the end of Timberline. Under the road the storm sewer was ready to fail. It was an emergency situation for all the residents that live on Timberline Road. He also explained that the gas line was moved over and that the Township utilized the LRFAP (Local Road Funding Assistance Program with the Road Commission to lower the cost of this project. But during this time Covid happened and the Road Commission was behind on their projects. Supervisor Manoleas pushed the idea of a Special Assessment. This Public Hearing was to hear input from the residents in this area.

It was stated that this was the only way to get into North Hills.

Discussion held. A majority of the residents said it was a nice job, but that they were blindsided by the letter they received. The letter stated the cost each property owner would have to pay. The cost of \$100,000.00 was divided among the resident and it came up to \$1,200.00 each. Another discussion mentioned that the residents did not feel they were forewarned.

Supervisor Manoleas stated that he was waiting for total cost in order to have all the information to relay to the residents. He also stated that he would take the blame on this, and that it could have been handled differently.

It was questioned that this was an emergency that took two years? More discussion.

Supervisor Manoleas announced to the residents present that this topic is on the next meeting's agenda for tonight.

- ✓ Motion by Clerk Turner support from Supervisor Manoleas to adjourn meeting. Yeas: 7 Nays: 0 Motion carried.

Meeting adjourned at 7:06 p.m.
